Alisa Silverman
President

301.547.3131
asilverman@athena-si.com

Ms. Silverman established Athena Services International as a way to bring together her talents, and those of other senior professionals and creative talents around the country, for the benefit of a new portfolio of government and international clients.

The team has over two decades experience in Operations, Physical Security, HR, Digital Marketing, CRM and in the use of JPAS, e-QIP and document control. We manage professionals who manage programs and projects from design to implementation and evaluation — protecting assets worldwide.

PROTECTING ASSETS WORLDWIDE

Athena Services' development is further distinguished by recognition received for its very high marks for effectiveness and compliance.

We administer robust benefits to our employees including Health Insurance, Basic Term Life and Short Term Disability, FMLA and 401k. We have powerful back-end office programs for Human Resources, Payroll and Tax management and processing. We manage Service Contract Act Health & Welfare (H&W) Benefits and currently work with several unions and are party to multiple Collective Bargaining Agreements (CBA).

MISSION & VISION

Provide expert management and support personnel to relieve the burden of government program execution. Deliver experienced problem solvers, effective technical tools and trusted personnel solutions for missions that matter.

In a world driven by crucial government programs, Athena Services sees an opportunity to bring private sector sensibilities to accomplish support missions swiftly, efficiently and effectively over time. Our job is to assist in the development, execution, support and communication of inherently governmental programs to ensure their success.

ATHENA SERVICES

Experience That Shows

WHAT WE DO

Athena Services International provides security services, training and staff augmentation. With a wide range of services that suit your every need and requirement, our team has the knowhow and expertise to successfully get the job done.

- Planning/Advising – Assessments and Working out the Plan in Advance

ATHENA SERVICES' PRIMARY MARKETS

We focus our deep domain expertise and results-driven approach to delivering strategic value across the entire lifecycle of client programs in these primary markets.

- US Government – Civilian and Defense/Intelligence Agencies
- Multi-National Agencies – Working both domestically and overseas
- Non-Governmental Agencies – Acting as a workforce multiplier
- Corporations – Supporting those in service the their host country governments

Within each of our verticals, we offer advisory, implementation, and assessment services to assist clients in their security programs, program management, project evaluation, and other targeted capabilities highlighted within each of the market areas. Across these and other markets, Athena Services also provides functional areas of expertise detailed in the Services area of the website www.athena-si.com.

CAPABILITIES STATEMENT

Athena Services International is an experienced and recognized provider of security services to the Federal Government. Based in Bethesda, Maryland, Athena Services is a woman-owned small business providing professional and technical services that deliver superior performance to various US Government Agencies. Our work is concentrated in physical security, personnel security and its administration; skillfully providing people, systems and expertise critical to executing the larger mission.

The company, established in 2014, has revenue in excess of \$5.0M and over 100 professionals licensed at all locations. Athena Services has 7 subcontracts at 9 sites in New England, Kentucky, Nebraska, and a significant presence in National Capital Region (NCR).

Athena Services provides vetted, trained and qualified personnel to end users at DHS, ICE, DoD, GSA, SSA, DoEd, USDA and Federal District Court facilities. Our services strictly adhere to robust SOWs, SOPs, and performance objectives, including a requirement for our own quality control functions. We are aggressively expanding capabilities into Training, InfoSec, PerSec and OpSec.
